

Committed To Being A Green Partner

Rubbermaid Commercial Products

Rubbermaid Commercial Products is your partner and number one resource for sustainable products and expertise in support of green initiatives...

We offer products that support sustainable practices through:

Indoor Air/Environmental Quality

- Premium Upright Vacuums with HEPA filtration

Reduction of Cross-Contamination

- Rubbermaid Pulse™ Floor Cleaning System
- Microfiber Cleaning Systems

Recycling

- Glutton® Recycling Station
- Deskside Recycling Containers
- Slim Jim®
- Untouchable®
- Silhouette Recycling Containers
- Triple Capacity Cart (with Recycling Bags)

Worker Well-Being

- Rubbermaid Flow™ Floor Finishing System
- Convertible Utility Cart

Energy/Chemical/Water Use Reduction

- WaveBrake® Mopping Systems
- Microfiber Tools, Cloths and Pads

Rubbermaid Commercial Products offers a wide range of products made from recycled materials: steel, aluminum, and resin-based containers and textiles including cotton and blended mops.

Our products help you deliver value to building owners and managers pursuing EPA Procurement Guideline compliance and LEED (The Leadership in Energy and Environmental Design) Certification.

Consult your RCP product expert and visit www.rcpworksmarter.com for more information.
